Precautions

- Please read this manual carefully before use, and keep it for future reference.
- Do not disassemble, repair, or modify the product by yourself.
- Do not touch the power plug with wet hands.
- Do not immerse the product in water or other liquids.
- Do not use the product if the power cord or the product is damaged.
- Do not place the product on an unstable surface.
- The appliance is not for use by children.
- The appliance is not for use by persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge, unless they have been given supervision or instruction concerning the use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure they do not play with the appliance.
- Do not touch the hot surface of the product during operation to avoid burns.
- Do not use the product in a place where there is a strong magnetic field, such as near a speaker.
- Do not use the product in a place where there is a strong electromagnetic interference, such as near a microwave oven.
- Do not use the product in a place where there is a strong electrostatic interference.
- Do not use the product in a place where there is a strong electrostatic interference.
- Do not use the product in a place where there is a strong electrostatic interference
